I am sending the Staffing Matrix (6-25-24 to 8-5-24) out as a Directive so that it can easily be found on the TFRDweb Directives. This was initially emailed out on June 25, 2024.

The matrix can be found as an attachment: [HERE](#)

This new staffing matrix is reflecting the temporary status we have until 8-5-24. The Vector staffing numbers do not include the 20T members on LS7.

I have M26 (old M4 which will be at Station 25) going into service first and M19 will be second. They will alternate incidents when both in the station.

R7 gets the member at 114 rather than T4 now because of M4's displacement this summer.

Effective Date: June 27, 2024
