Note: 300-12 Building Maintenance and Repair Request is no longer sent to Fire Maintenance Bureau. This form is completed through TFRDweb and routed to the Buildings Bureau automatically.

These forms are now housed within the TFRDweb website (www.TFRDweb.com)

Online fillable forms (1, 2, 4, 11, 15, 16, 19, Fuel Card) can be accessed within the site in two ways:

- From the left main menu item "Submit a Form" – "Bureau Forms" then under the Maintenance

Bureau heading

- From each stations Station Dashboard page under the “Bureau Forms” toggle

When completed, these forms will automatically be sent to Fire Shop personnel. Completed forms are viewable from each stations’ dashboard under the “Completed Forms” toggle.

Blank fillable forms (3, 7, 8, 9, 14, 17, 18) can be found in the File Center on TFRDweb within the “Shop” folder

- From the left main menu item “Main Items” – “File Center” then the “Shop” folder
- From the top site header by selecting the “Files” menu item

Forms and Reports for Fire Maintenance Bureau

300-1 - Hose Assignment Inventory

This form is to be completed after the hose testing is complete in May. This is to be completed by June 1st and anytime hose is added or removed from the station inventory. This form is found on the station dashboard, within the TFRDweb website, under Maintenance Bureau - Hose Test Form. [Bureau Forms](#).

Hose Test Record When a length of hose is sent in for repair along with form #300-2, “HOSE REPAIR” Request, a copy of the repair form will be sent back to the station with completed repairs noted.

300-2 - Hose Repair Request

This form is to be filled out and sent to the Fire Maintenance Bureau when reporting hose that needs repair. A copy of the repair request shall be sent with the damaged hose to the Fire Maintenance Bureau. When hose is repaired it will be sent back to the station along with the white copy of the 300-2 indicating the repairs that were made. This form is found on the station dashboard, within the TFRDweb website, under Maintenance Bureau - Hose Repair Request.

300-3 - Apparatus Inspection Form [PDF](#)

The 300-3 form will be filled out on the first (1st) Saturday of each month. The items listed on the form that are found to be unsatisfactory are to be marked with a check mark in the 'Fire Shop' column, and an explanation of the defect given in the remarks section. Those items that are checked O.K. should be listed in the 'Job Done' column by having the person making out the form put their initials on the proper line. There shall be a 300-3 form filled out for any apparatus / vehicle in service or stored in the fire station. A 300-3 will also be filled out for station generators on the first (1st) Saturday of each month. The completed 300-3 for should be kept at the station for review if necessary. **Send the 300-3 form to the shop only if any defects are found during the inspection.**

This form is located within the TFRDweb file center in the Shop folder.

300-4 - House Supply Requisition Form

This form is for station supply requests and should be sent to the supply officer at the Fire Maintenance Bureau. This form is found on the station dashboard, within the TFRDweb website, under Maintenance Bureau – Station Supply Request

*Office supplies, including printer toner, are requested through the Support Services office via an email to firepayroll@toledo.oh.gov

300-7 - Apparatus Inventory, Engine

To be completed annually no later than January 31st by the On-duty Captain. This form also applies to Extra Engines that are in storage at stations. This form is located within the TFRDweb file center in the Shop folder.

300-8 - Fire Station Inventory

To be completed annually no later than January 31st by the On-duty Captain. ONLY items that are City Property are to be listed. This form is located within the TFRDweb file center in the Shop folder.

300-9 - Apparatus Inventory, Truck

To be completed annually no later than January 31st by the On-duty Captain. This also includes Reserve Trucks in storage at the stations. This form is located within the TFRDweb file center in the Shop folder.
